Voluntary Contribution

2023 *Voluntary* Contribution - \$40 per single student - \$70/two students - \$100/3+ students

The Voluntary Contribution will enable the School to source and reproduce learning resources; which, ensures that parents are not required to purchase expensive text books for their children each year. The funds will also enable us to provide students with access to current technologies; which includes, our new *Coding & Robotics Program* and the 60 iPads recently purchased for student use. Funds will also allow the upkeep and maintenance of these technologies to ensure children are provided with optimum digital learning opportunities.
